

Our Clocks

At Carlton Clocks, you can be assured by our years of expertise that all the clocks we sell are completely original. That is to say, unless we state to the contrary, the movement started off life with the case. We restore the cases sympathetically, and fully overhaul the movements within our own workshops.

We can therefore offer a comforting 3 year guarantee on all the clocks we sell, new or old. The prices quoted also include delivery and set-up within the UK mainland. Please ask for a shipping quote worldwide, if required.
