

BU007 Bulle clock Moon Hand Blanks

These hands are cut by Laser in 0.70mm High Carbon Spring Steel from a pattern taken from a pair of originals.

The hour hand is 66mm from tip to centre of mounting hole.

The Hour hand is 52mm from tip to centre of mounting hole.

Both will need to be polished & blued and have collets made to fit.

The price includes recorded delivery within the UK.
