How to guides & Instructions

On many occasions we have supplied bespoke instructions for setting up clocks that we have overhauled and / or sold. We have included some of these below which we hope may be of some use.

Setting Up Clocks

Barograph setting up instructions

Instructions for setting up French striking mantel clock

Instructions for setting up an early 20th century chiming grandmother clock

Instructions for setting up an antique 8-day longcase clock

Instructions for setting up the Vienna Timepiece

Regulating Clocks

Hermle floating balance regulation

Barometer Readings

Setting a Barometer to the Correct Reading

Historic Clock Catalogues

Beha 1890s Cuckoo Clock Catalogue
